

International Consortium on Landslides

23 July 2010

To Leaders of World Centres of Excellence on Landslide Risk Reduction (WCoE)

Request for WCoE Annual Reports

Dear Leaders of WCoEs,

The IPL and WCoE Network Committee requests each World Centre of Excellence submit the annual activity report summarizing activities of as WCoE in the attached form to the IPL and WCoE Network Committee ipl-wcoe@iclhq.org by **10 September 2010**

- * The submitted annual report will be evaluated by the IPL and WCoE Network Committee.
- * When your organization plans to extend or modify or propose a new WCoE activities for 2011-2014, please fill and return the Questionnaire for 2011-2014 WCoE in the end of this letter for planning and preparing purpose.
- * The IPL and WCoE Network Committee strongly encourages to contribute an article to *Landslides*.

Published articles of WCoEs will be seen in *Landslides* such as

1. Mechanisms of landslides in over-consolidated clays and flysch
By Faculty of Civil and Geodetic Engineering, University of Ljubljana
Landslides Vol.6, No.4, pp.367-3712.
2. Landslide inventorization and susceptibility mapping in South Africa
By Engineering Geoscience Unit, Council for Geoscience, South Africa
Landslides, Vol.7, No.2, pp. 207-210
3. Landslide field research and capacity building through international collaboration
By Department of Physical Geography and Geocology, Faculty of Science, Charles University, *Landslides*, Online publication (DOI: 10.1007/s10346-010-0209-9)
4. Research and development of advanced technologies for landslide hazard analysis in Italy
By CERI, Research Centre on Prediction, Prevention and Control of Georisks, "Sapienza Università di Roma", Rome, Italy *Landslides*, Online publication (DOI: 10.1007/s10346-010-0208-x)

With best regards,

Kyoji SASSA
Executive Director of ICL
Secretariat for the IPL Global Promotion Committee
